Career Development and Experiential Learning Innovation in Vancouver

Pre-arrival career development programming for incoming students

Capstone or XN industry-driven research projects for all students

Customized industry partnerships provide paid work-integrated learning opportunities for students during the academic term

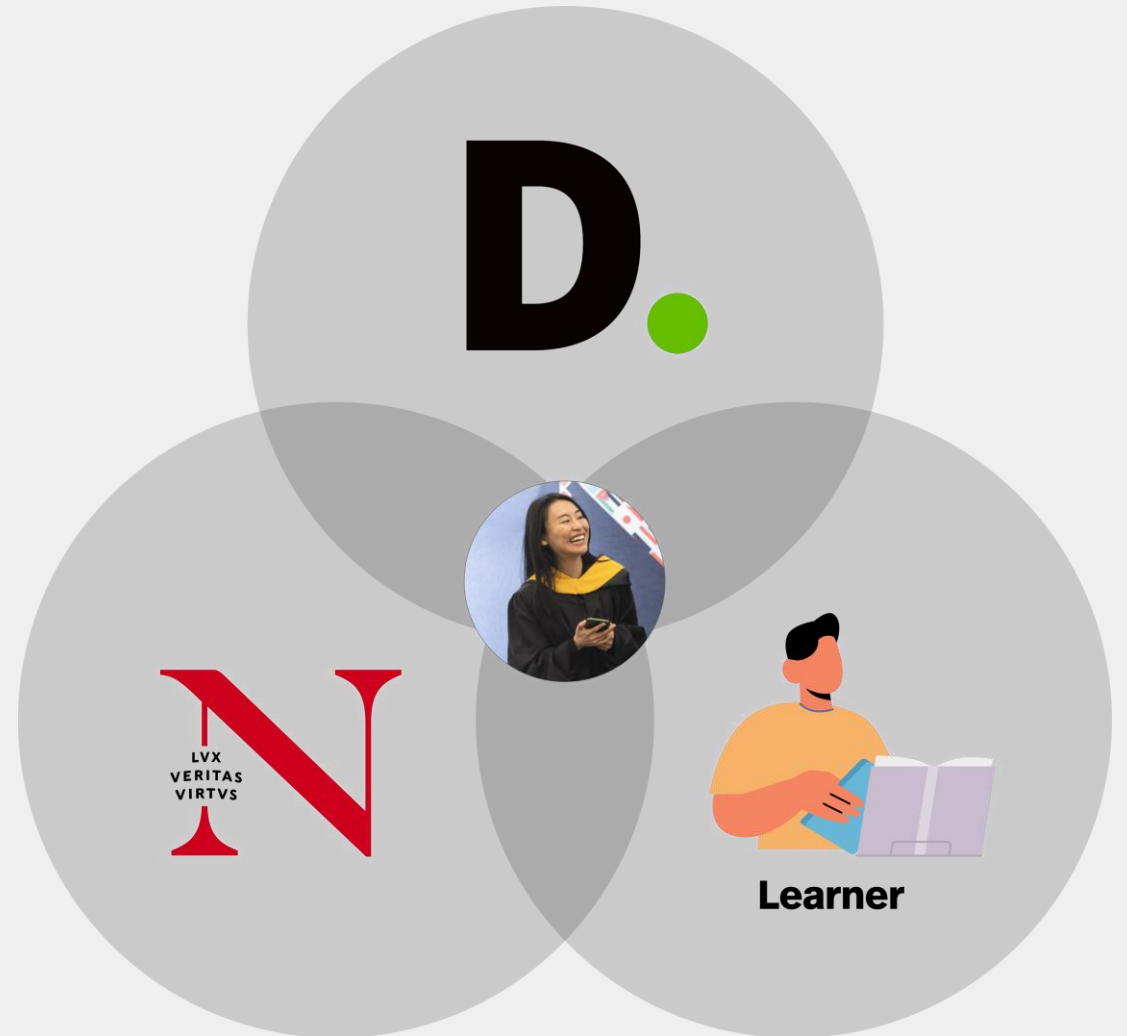

Northeastern X Deloitte Partnership

Co-op 4.0

Going beyond a Co-op, Northeastern X Deloitte Studio Partnership **provides experiential learning opportunities** for students to own complex problem-solving in **live client environments**.

The partnership will **leverage diverse student talent to erase the boundaries** and differentiate the Northeastern X Deloitte across sales and delivery cycles.

Cross network collaboration

- Alignment towards federal "recognized institutions" and provincial focus on international education standards
- Joint external partnership engagement strategy
- Data-driven co-op, career development and experiential learning systems
- System-wide mentorship and guidance

A Campus Community That Drives Engagement

COMMITMENT TO CROSS-CAMPUS COLLABORATION DRIVES CREATIVITY AND BELONGING

- Frequent scheduled campus connections focus on solutions and opportunities

CAMPUS INFRASTRUCTURE ENGAGES AND SUPPORTS

- **Internal:** strong representation on-campus for both campus and college teams
- **External:** average 3 external events per week attract diverse industry and community partnerships

Northeastern University

Student Services with Impact

Coordinated community of practice

Data-driven continuous improvement

Strong sense of belonging

Student employees make significant contributions to campus culture

Northeastern University

Applied Industry Research

Working with Canada's federal government, a BC based scale-up company is using Northeastern as its R&D unit to solve complex climate challenges.

3-year partnership with Mastercard supporting focused research in cybersecurity, learning resources to grow diverse cyber talent and scholarships.
